PROFILE

Versatile and creative videographer and editor with hands-on experience producing cinematic content for exhibitions, festivals, and digital platforms. Skilled in all stages of production—from concept development and cinematography to post-production and motion design. Recognized for delivering visually engaging stories that blend technical precision with a distinctive creative voice. Adept at collaborating across teams, thriving in fast-paced environments, and bringing fresh, innovative ideas to every project. Available for entry-level and student roles in film studios, creative agencies, and multimedia production teams.

EXPERIENCE

Galleri Heike Arndt DK | Berlin, Germany

Cinematographer, Photographer & Editor – Internship

August 2025 – January 2026

- Crafted cinematic visuals for gallery exhibitions, enhancing the storytelling of each installation through camera work and lighting.
- Edited and polished video content using color grading and motion design techniques to create immersive visual experiences.
- Assisted in script development, ensuring narratives aligned with exhibition themes and audience engagement goals.
- Collaborated with curators and team members to co-plan exhibitions, providing creative input and logistical support for smooth execution.

Nest | Berlin, Germany

Freelance Videographer & Marketer

July 2024 – August 2024

- Produced promotional videos for the annual Evolve Festival, capturing dynamic event moments and creating engaging content.
- Managed social media campaigns, optimizing video content for reach and audience interaction.
- Developed creative concepts for visual storytelling, aligning production with brand identity and festival goals.
- Coordinated with festival organizers to schedule shoots and ensure all media needs were met efficiently.

Salesman & Former Shareholder

January 2020 – February 2021

- Maintained professional communication with international clients, building relationships and ensuring timely responses.
- Created and organized detailed Excel spreadsheets to track sales performance, client contacts, and inventory.
- Researched potential customers, expanding the client base through proactive outreach and targeted follow-ups.
- Supported cross-functional coordination and project management, contributing to smoother internal operations and team efficiency.
